

What are  
we talking about?  
**THE WATER**  
**ALL AROUND YOU!**

An Auditorium Program  
Sponsored by the  
Bowman's Hill Wildflower Preserve

**Bowman's Hill**  
WILDFLOWER PRESERVE  
Where Mind, Heart and Spirit Bloom

"The Water All Around You" is a fifty minute auditorium program developed by Environmental Youth Education Services. The program is designed to engage and entertain elementary school children while teaching them about the importance of water and watersheds in their daily lives. Through songs, audience participation, discussion and performance the program covers:

THE WORLD'S WATER RESOURCES  
THE WATER CYCLE  
OUR WATER SYSTEMS AND  
THE ROLE OF THE WATERSHED

The program presenter, Kevin Kopp, has been in the field of Environmental Education for over 30 years. He has been an active member of the Environmental Education community in New Jersey and Pennsylvania. Kevin has worked with students of all ages in many situations in which his talents and knowledge always create a wonderful learning experience. The "Water All Around You" has been presented to satisfied students and teachers for the last 20 years. Now through the cooperative efforts of Bowman's Hill Wildflower Preserve and Environmental Youth Education Services, "The Water All Around You" can come to your school.

"The Water All Around You" can serve as a springboard to many lessons in the classroom. It can also serve as an engaging orientation or follow-up to a field experience. The cost is \$350.00 for the first program and \$175.00 for a second program on the same day at the same site. That is less than \$1.00 a students for an average size elementary school!

To book "The Water All Around You" or for further information contact the Bowman's Hill Wildflower Preserve at: 215-862-2924.
