

2020 LAND ETHICS AWARD

Purpose of Award:

The Land Ethics Award honors and recognizes the creative use of native plants in the landscape, sustainable and regenerative design, and ethical land management and construction practices.

Who is eligible for nomination:

Nominations may be private individuals, businesses, design professionals including landscape architects and site engineers, conservation and preservation organizations and local, state and federal agencies involved with environmental protection. School groups may also be nominated for relevant team projects. Individuals, non-profit organizations, government agencies, community groups, and business professionals are encouraged to apply. Application projects must be a minimum of one year and a maximum of three years old.

Judging/Selection Process:

Applications are due by January 24, 2020. The recipient will be selected by a jury of professionals in the field of design, preservation and conservation. Selections should be made by mid-February 2020. The Land Ethics Award will be presented at the Land Ethics Symposium on March 12, 2020.

Judging Criteria:

Primary consideration will be given for exceptional:

- Use of plants native to the region where the project is located
- Sustainable and regenerative design
- Use of best management practices

Submissions will also be evaluated for:

- Creativity in problem solving
- Habitat creation and connection to other green space
- Aesthetics
- Plant Stewardship Index score
- Educational and Interpretive Opportunities
- Material longevity
- Volunteer involvement
- Reclamation of a degraded site
