

June 14, 2023

Dear Plant Grant applicant,

Thank you for your interest in our Plant Grants program. Please thoroughly review the terms and conditions of the grant below before completing the application. Be sure to complete all sections of the application and return it before the deadline. Incomplete applications will not be accepted.

### **Program Description**

The Plant Grants Program provides “starter gardens” comprised of native species to nonprofit organizations and public agencies throughout the Delaware Valley who are engaged in community gardening, restoration, or beautification projects. In 2023, the Preserve will set aside 650 native plants to support up to 8 projects. Plant Grant recipients may be awarded up to 100, mostly herbaceous plants, with limited shrubs and trees available.

### **Program Goals**

- Educate the public about the environmental value of native plants
- Facilitate the transition to native landscapes on public lands
- Amplify the Preserve’s impact throughout the Delaware Valley

### **Eligibility**

- Applicants must be a nonprofit organization, public agency, or educational institution
- Project must be on public land or land owned by a nonprofit in the Delaware Valley
- Applicants must be able to pick-up plants from the Preserve by deadlines listed below
- Applicants must have ability to maintain planting area for a minimum of three years

### **Evaluation Criteria**

Applications will be ranked and awarded based on the following criteria:

- Eligibility of the applicant
- How well the project meets the goals of the program
- Project Location within the Delaware Valley
- Suitability of available plants for project conditions
- Availability of plants from the Preserve’s Nursery
- Audience served (with underserved populations taking priority)
- Quality of educational opportunity
- Long term viability of project

### **Application Deadlines and Requirements**

- Spring Plant Grant applications will be accepted from 1/1/2023 – 4/30/2023
- Fall Plant Grant applications will be accepted from 7/1/2023 – 9/15/2023
- **All plants must be picked up within 30 days of grant approval.** Plants not picked up will be returned to inventory and applicants will be required to wait 1 year before reapplying.
- Please send inquiries and applications electronically to [nursery@bhwp.org](mailto:nursery@bhwp.org)

### **Grantee Requirements**

Grantees must sign a grant agreement with the Preserve agreeing to certain conditions, including the maintenance of the project area after completion, willingness to install a project sign (provided by the Preserve pending a review of the completed project), educating the public on the nature of the project, and submitting a report on the project with photographs within a year.

Our Mission: *Bowman's Hill Wildflower Preserve increases the knowledge and use of native plants by serving as an educational resource and destination that inspires conservation action.* The Plant Grants Program supports the Preserve's mission by educating the public about the ecological value of native plants and assisting gardeners in transitioning to native landscapes. Grantees that use plants donated by the Preserve should highlight the benefits of planting native species through educational signs and/or through other interpretive activities.

**\*Required Fields**

*Name of Organization:			
EIN:			
*Organization Mission and Background:			
*Contact Person:			
*Email:		*Phone:	
*Mailing Address:	*City:	*State:	*Zip:
<p><b>*Project Description</b> (include project location, size of area, sun exposure, soil moisture conditions, other environmental factors, time frame, and activities):</p>			

**\*Educational Component** (include description of target audience and how the value of native plants will be demonstrated to the community):

**\*Care & Maintenance Plan** (e.g., watering regime, weeding, etc.):

If awarded a Plant Grant from Bowman's Hill Wildflower Preserve, I hereby agree to abide by the conditions below:

1. Recognition, through signage, of the Preserve's donation
2. Pick up, planting and maintenance of donated plants (attend plant training and orientation if needed)
3. I will submit before and after photos along with a summary of the completed project
4. Recipient must coordinate plant pick up with Nursery Manager or Nursery Assistant
5. Spring Plant Grant applications will be accepted from 1/1 - 4/30/23
6. Fall Plant Grant applications will be accepted from 7/1 - 9/15/23
7. **All plants must be picked up within 30 days of grant approval.** Plants not picked up will be returned to inventory and applicants will be required to wait 1 year before reapplying.

	<i>Symphyotrichum oblongifolium</i>	aromatic aster	1-3 ft	Sun	Dry - Medium
	<i>Tiarella cordifolia</i>	foamflower	9-12 in	Part Shade - Shade	Medium
	<i>Vernonia noveboracensis</i>	New York ironweed	4-6 ft	Sun	Medium - Wet
	<i>Zizia aurea</i>	golden-Alexander	1-3 ft	Sun - Part Shade	Medium - Moist

<b>woody plants (limited quantities available)</b>					
	<i>Aronia arbutifolia</i>	red chokeberry	6-12 ft	Sun - Part Shade	Dry - Wet
	<i>Clethra alnifolia</i>	sweet pepperbush	4-8 ft	Sun - Part Shade	Medium - Wet
	<i>Cornus sericea</i>	red-osier dogwood	4-9 ft	Sun - Part Shade	Medium - Wet
	<i>Hamamelis virginiana</i>	witchhazel	6-15 ft	Sun - Part Shade	Medium - Wet
	<i>Ilex verticillata</i> (may be a cultivar)	winterberry holly	6-12 ft	Sun - Part Shade	Medium - Wet
	<i>Lindera benzoin</i>	spicebush	6-12 ft	Part Shade - Shade	Medium - Wet
	<i>Viburnum dentatum</i>	Southern arrowwood Viburnum	6-10 ft	Sun - Part Shade	Medium

**Special Requests (subject to availability and suitability for the project):**

Qty	Botanical Name	Common Name			

**Disclaimer: The Preserve reserves the right to substitute plants requested based on availability and site conditions.**

**Please submit a project report within one year of receiving your Plant Grant. Your report should include the following:**

- A list of the plants received, including quantities, the survival rate for each species planted, and an outline of the maintenance performed over the first year of the project.
- Before and after photos of the project site along with photos taken the following spring, after the plants have emerged from dormancy.
