Scientific Name	Common name	Bloom	PA Native	Color:	Height
Elymus hystrix Grass	bottlebrush grass	June Part-shade to sun in average to moist soil	<input checked="" type="checkbox"/>		3-5 feet
Sporobolus heterolepis Grass	prairie dropseed	Aug-Sep Sun in moist to dry soil	<input checked="" type="checkbox"/>		2-3 feet

Herbaceous Plant

Scientific Name	Common name	Bloom	PA Native	Color:	Height
Actaea pachypoda Herbaceous perennial	doll's eyes	May Sun to part-shade and average to moist soil	<input checked="" type="checkbox"/>	White	1-3 feet
Actaea racemosa Herbaceous perennial	black cohosh, black	July Part sun to light shade in moist rich soil	<input checked="" type="checkbox"/>	White	3-6 feet
Agastache scrophulariifolia Herbaceous perennial	purple giant-hyssop	Aug-Sep part-shade to full sun in moist soil	<input checked="" type="checkbox"/>	Purple	2-4 feet
Allium cernuum Herbaceous perennial	nodding onion	July Full sun to part-shade in average to dry soil	<input checked="" type="checkbox"/>	Pink	1 foot
Anemone acutiloba Herbaceous perennial	sharplobed hepatica	April well-drained woodland soil ample moisture and dappled light	<input checked="" type="checkbox"/>	Blue	4-6 inches
Anemone canadensis Herbaceous perennial	canada anemone	May-July Part-shade to sun in moist to average soil	<input checked="" type="checkbox"/>	White	1-1.5 feet
Anemone virginiana Herbaceous perennial	thimbleweed	June Full sun to part shade in average to moist soil	<input checked="" type="checkbox"/>	White	2-3 feet
Aquilegia canadensis Herbaceous perennial	eastern columbine	May Sun to part-shade in average, well-drained but not dry soil	<input checked="" type="checkbox"/>	Red	2 feet
Asarum canadense Herbaceous perennial	wild ginger	April-May Shade to part-shade in moist, rich soil	<input checked="" type="checkbox"/>	Brown	3-6 inches

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Herbaceous Plant

Scientific Name	Common name	Bloom	PA Native	Color:	Height
Baptisia australis Herbaceous perennial	blue false indigo	May-June Full sun and average to moist soil; established plants tolerate drought	<input checked="" type="checkbox"/>	Blue	3-4 feet
Baptisia tinctoria Herbaceous perennial	wild indigo	July	<input checked="" type="checkbox"/>	Yellow	1-3 feet
Caltha palustris Herbaceous perennial	Marsh-marigold	April Sun to part-shade in wet soils	<input checked="" type="checkbox"/>	Yellow	1-2 feet
Caulophyllum thalictroides Herbaceous perennial	blue cohosh	April-June Shade to part shade in average to moist soil	<input checked="" type="checkbox"/>	Yellow	1-3 feet
Chelone glabra Herbaceous perennial	turtlehead	Aug-Sep Sun to part-shade and moist to wet soil	<input checked="" type="checkbox"/>	White	1-3 feet
Chrysogonum virginianum Herbaceous perennial	green-and-gold, gold	May-June Sun to shade in fertile, well-drained soil; tolerates considerable drought; blooms best in site receiving several hours of sun	<input checked="" type="checkbox"/>	Yellow	6 inches
Coreopsis tripteris Herbaceous perennial	tall tickseed	Aug-Sep Sun in any soil	<input checked="" type="checkbox"/>	Yellow	5-7 feet
Dicentra cucullaria Herbaceous perennial	dutchman's breeche	March-April Part to full shade in average to moist soil	<input checked="" type="checkbox"/>	White	6-12 inches
Eryngium yuccifolium Herbaceous perennial	button eryngo	July-Sep Sun and moist to average soils; drought tolerant once established	<input type="checkbox"/>	White	3 feet
Eupatorium sessilifolium Herbaceous perennial	upland boneset		<input checked="" type="checkbox"/>	White	2-6 feet
Fragaria virginiana Herbaceous perennial	wild strawberry	April-June organically rich, sandy loam, moist to dry-mesic, well-drained soils	<input checked="" type="checkbox"/>	White	4-8 inches
Geranium maculatum Herbaceous perennial	wood geranium	April-May Partial shade to sun in moist to average soils; will thrive with a half day of direct sun; may go dormant in late summer	<input checked="" type="checkbox"/>	Pink	1-2 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.
