

Plant Sale Catalog

additional species may be available

Aquatic Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Nymphaea odorata Herbaceous perennial	fragrant water-lily	<input checked="" type="checkbox"/>		White Aquatic
Pontederia cordata Herbaceous perennial	pickerel-weed	<input checked="" type="checkbox"/>		Purple 1-3 feet

Bog Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Sarracenia purpurea Bog plant	purple pitcher-plant	June <input checked="" type="checkbox"/>	Sun Wet	Purple 1-2 feet

Fern or Lower Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Adiantum pedatum Fern	northern maidenhair fern	<input checked="" type="checkbox"/>	Shade Moist	1-2 feet
Athyrium filix-femina Fern	lady fern	<input checked="" type="checkbox"/>	Shade Moist	1-2 feet
Dryopteris marginalis Fern	marginal wood fern	<input checked="" type="checkbox"/>	Shade Moist	1-2 feet
Matteuccia struthiopteris Fern	ostrich fern	<input checked="" type="checkbox"/>	Part Shade Average, Moist	to 4 feet
Osmunda regalis Fern	royal fern	<input checked="" type="checkbox"/>	Part Shade Wet	4-6 feet
Osmundastrum cinnamomeum Fern	cinnamon fern	<input checked="" type="checkbox"/>	Shade Moist	to 4 feet
Polystichum acrostichoides Fern	Christmas fern	<input checked="" type="checkbox"/>	Shade Moist	to 2 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Grass, Sedge or Rush

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Carex pensylvanica Grass	Pennsylvania sedge	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Average, Dry	Green 6-18 inches
Carex platyphylla Grass	broad-leaf sedge	<input checked="" type="checkbox"/>	Sun, Part Shade Dry, Moist	0-1 feet
Chasmanthium latifolium Grass	sea-oats, river-oats	August <input checked="" type="checkbox"/>	Sun, Part Shade Average, Moist	2-5 feet
Elymus hystrix Grass	bottlebrush grass	June <input checked="" type="checkbox"/>	Part Shade Average	3-5 feet
Sporobolus heterolepis Grass	prairie dropseed	Aug-Sep <input checked="" type="checkbox"/>	Sun Average, Dry	2-3 feet

Herbaceous Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Actaea pachypoda Herbaceous perennial	doll's eyes	May <input checked="" type="checkbox"/>	Part Shade, Shade Average	White 1-3 feet
Actaea racemosa Herbaceous perennial	black cohosh, black snakeroot	July <input checked="" type="checkbox"/>	Part Shade, Shade Moist	White 3-6 feet
Allium cernuum Herbaceous perennial	nodding onion	July <input checked="" type="checkbox"/>	Sun Average	Pink 1 foot
Anemone acutiloba Herbaceous perennial	sharplobed hepatica	April <input checked="" type="checkbox"/>	Part Shade, Shade Moist	Blue 4-6 inches
Anemone canadensis Herbaceous perennial	canada anemone	May-July <input checked="" type="checkbox"/>	Sun, Part Shade, S Dry, Moist	White 1-1.5 feet
Anemone virginiana Herbaceous perennial	thimbleweed	June <input checked="" type="checkbox"/>	Sun, Part Shade Average	White 2-3 feet
Aquilegia canadensis Herbaceous perennial	eastern columbine	May <input checked="" type="checkbox"/>	Sun, Part Shade Average	Red 2 feet
Asarum canadense Herbaceous perennial	wild ginger	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Average, Moist	Brown 3-6 inches
Asclepias incarnata Herbaceous perennial	swamp milkweed	August <input checked="" type="checkbox"/>	Sun Moist, Wet	Pink 4 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Herbaceous Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Asclepias syriaca Herbaceous perennial	common milkweed	July-Aug <input checked="" type="checkbox"/>	Sun Average	Pink 3-5 feet
Asclepias tuberosa Herbaceous perennial	butterfly-weed	July-Aug <input checked="" type="checkbox"/>	Sun Dry	Orange 2 feet
Baptisia australis Herbaceous perennial	blue false indigo	May-June <input checked="" type="checkbox"/>	Sun Average	Blue 3-4 feet
Caltha palustris Herbaceous perennial	Marsh-marigold	April <input checked="" type="checkbox"/>	Sun, Part Shade Wet	Yellow 1-2 feet
Caulophyllum thalictroides Herbaceous perennial	blue cohosh	April-June <input checked="" type="checkbox"/>	Part Shade, Shade Average, Moist	Yellow 1-3 feet
Chelone glabra Herbaceous perennial	turtlehead	Aug-Sep <input checked="" type="checkbox"/>	Sun, Part Shade Moist, Wet	White 1-3 feet
Chrysogonum virginianum Herbaceous perennial	green-and-gold, goldenstar	May-June <input checked="" type="checkbox"/>	Sun, Part Shade, S Average, Moist	Yellow 6 inches
Coreopsis tripteris Herbaceous perennial	tall tickseed	Aug-Sep <input checked="" type="checkbox"/>	Sun Average	Yellow 5-7 feet
Eupatorium hyssopifolium Herbaceous perennial	hyssop-leaved boneset	September <input checked="" type="checkbox"/>	Sun Average	White 3 feet
Eupatorium perfoliatum Herbaceous perennial	boneset	July-Aug <input checked="" type="checkbox"/>	Sun Moist, Wet	White 2-5 feet
Eupatorium sessilifolium Herbaceous perennial	upland boneset	<input checked="" type="checkbox"/>		White 2-6 feet
Fragaria virginiana Herbaceous perennial	wild strawberry	April-June <input checked="" type="checkbox"/>	Sun, Part Shade Average, Moist	White 4-8 inches
Geranium maculatum Herbaceous perennial	wood geranium	April-May <input checked="" type="checkbox"/>	Sun, Part Shade, S Average, Moist	Pink 1-2 feet
Helianthus divaricatus Herbaceous perennial	woodland sunflower	Aug-Sep <input checked="" type="checkbox"/>	Sun, Part Shade Average, Dry	Yellow 3-5 feet
Helianthus giganteus Herbaceous perennial	giant sunflower	July-Sep <input checked="" type="checkbox"/>	Sun Moist, Wet	Yellow 6-8 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Herbaceous Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Heuchera villosa Herbaceous perennial	hairy alum-root	Aug-Sep <input type="checkbox"/>	Part Shade Average, Dry	Green 1-1.5 feet
Hydrophyllum canadense Herbaceous perennial	Canada waterleaf	<input checked="" type="checkbox"/>		Multiple 8-24 inches
Hypericum ascyron ssp. pyramida Herbaceous perennial	great st. john's-wort	July <input checked="" type="checkbox"/>	Sun Moist	Yellow 5-7 feet
Iris cristata Herbaceous perennial	dwarf crested iris	May-June <input checked="" type="checkbox"/>	Part Shade, Shade Moist	Blue 4-8 inches
Iris versicolor Herbaceous perennial	northern blue flag	May <input checked="" type="checkbox"/>	Sun Moist, Wet	Blue 1.5-3 feet
Jeffersonia diphylla Herbaceous perennial	twinleaf	April <input checked="" type="checkbox"/>	Part Shade, Shade Average, Moist	White 8 inches
Krigia biflora Herbaceous perennial	dwarf dandelion, cynthia	June <input checked="" type="checkbox"/>	Part Shade Average, Moist	Orange 8-24 inches
Liatris spicata Herbaceous perennial	dense blazing-star	July-Aug <input checked="" type="checkbox"/>	Sun Average	Purple 3-4 feet
Lobelia cardinalis Herbaceous perennial	cardinal-flower	July-Aug <input checked="" type="checkbox"/>	Sun, Part Shade, S Moist	Red 3 feet
Maianthemum racemosum Herbaceous perennial	false solomon's-seal	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Moist	White 1-2.5 feet
Meehania cordata Herbaceous perennial	Heart-leaved meehania	June <input checked="" type="checkbox"/>	Part Shade Moist	Purple 6 inches
Mertensia virginica Herbaceous perennial	Virginia bluebells	March-May <input checked="" type="checkbox"/>	Sun, Part Shade, S Average	Blue 1-2 feet
Monarda clinopodia Herbaceous perennial	bee-balm, basil-balm	July-Sep <input checked="" type="checkbox"/>	Sun Average	White 2-3 feet
Monarda didyma Herbaceous perennial	bee-balm	July-Aug <input checked="" type="checkbox"/>	Sun Moist	Red 2-3 feet
Monarda fistulosa Herbaceous perennial	lavender bergamot	July <input checked="" type="checkbox"/>	Sun Average	Purple 2-3 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Herbaceous Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Pachysandra procumbens Herbaceous perennial	Allegheny-spurge	April <input type="checkbox"/>	Part Shade, Shade Moist	Pink 8-12 inches
Packera aurea Herbaceous perennial	golden ragwort	April-May <input checked="" type="checkbox"/>	Sun, Part Shade Moist, Wet	Yellow 1-3 feet
Penstemon digitalis Herbaceous perennial	foxglove beard-tongue	June <input checked="" type="checkbox"/>	Sun Average	White 3 feet
Penstemon hirsutus Herbaceous perennial	hairy beard-tongue	June <input checked="" type="checkbox"/>	Sun, Part Shade Average	Purple 1-1.5 feet
Phlox divaricata Herbaceous perennial	wood phlox	March-May <input checked="" type="checkbox"/>	Part Shade, Shade Moist	Purple 1-2 feet
Phlox stolonifera Herbaceous perennial	creeping phlox	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Average, Dry	Pink 8-10 inches
Polemonium reptans Herbaceous perennial	spreading Jacob's-ladder	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Moist	Blue 1-2 feet
Polygonatum biflorum Herbaceous perennial	Solomon's seal	May <input checked="" type="checkbox"/>	Part Shade, Shade Average	White 1-2 feet
Primula meadia Herbaceous perennial	shooting-star	April-May <input checked="" type="checkbox"/>	Part Shade Average	Pink 8-24 inches
Pycnanthemum incanum Herbaceous perennial	hoary mountain-mint	July-Sep <input checked="" type="checkbox"/>	Sun Average, Dry	White 1-3 feet
Pycnanthemum muticum Herbaceous perennial	short-toothed mountain-mint	July-Aug <input checked="" type="checkbox"/>	Sun Average, Moist	White 1-3 feet
Rudbeckia fulgida var. fulgida Herbaceous perennial	orange coneflower	Aug-Oct <input checked="" type="checkbox"/>	Sun Average, Dry	Orange 2 feet
Sanguinaria canadensis Herbaceous perennial	bloodroot	April <input checked="" type="checkbox"/>	Part Shade, Shade Moist	White 8-12 inches
Sedum ternatum Herbaceous perennial	wild stonecrop	Apr-Jun <input checked="" type="checkbox"/>	Part Shade Moist	White 3-8 inches
Silene caroliniana Herbaceous perennial	sticky catchfly, wild pink	April-June <input checked="" type="checkbox"/>	Sun Average, Dry	Pink 4-10 inches

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Herbaceous Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Silene virginica Herbaceous perennial	fire-pink	May-June <input checked="" type="checkbox"/>	Sun, Part Shade Average, Dry	Red 6-20 inches
Silphium trifoliatum Herbaceous perennial	whorled rosinweed	July-Aug <input checked="" type="checkbox"/>	Sun Average	Yellow 3-7 feet
Solidago nemoralis Herbaceous perennial	gray goldenrod	July-Oct <input checked="" type="checkbox"/>	Sun, Part Shade, S Dry	Yellow 3-feet
Solidago rugosa Cultivar Herbaceous perennial	wrinkle -leaf goldenrod	Aug-Oct <input type="checkbox"/>	Partial Shade, Sun Average	3-4 feet
Stylophorum diphyllum Herbaceous perennial	wood poppy	April-May <input checked="" type="checkbox"/>	Part Shade Average	Yellow 1-2 feet
Symphotrichum lateriflorum Herbaceous perennial	calico aster	Aug-Oct <input checked="" type="checkbox"/>	Sun Dry, Moist	White 1-2 feet
Symphotrichum patens Herbaceous perennial	late purple aster	<input checked="" type="checkbox"/>		Blue 1-3 feet
Thalictrum pubescens Herbaceous perennial	tall meadow-rue	July-Aug <input checked="" type="checkbox"/>	Sun, Part Shade Moist, Wet	White 3-8 feet
Tiarella cordifolia Herbaceous perennial	foamflower	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Moist	White 8-10 inches
Tradescantia ohiensis Herbaceous perennial	Ohio spiderwort	June-July <input checked="" type="checkbox"/>	Sun Moist	Purple 2 feet
Trillium sp. Herbaceous perennial	trillium	<input type="checkbox"/>	Partial Shade Moist	White 1-1.5 Feet
Uvularia perfoliata Herbaceous perennial	perfoliate bellwort	April-May <input checked="" type="checkbox"/>	Part Shade, Shade Moist	Yellow 8-12 inches
Vernonia noveboracensis Herbaceous perennial	New York ironweed	August <input checked="" type="checkbox"/>	Sun Average	Purple 4-6 feet
Viola sp. Herbaceous perennial	violet	April-May <input type="checkbox"/>	Partial Shade, Sun Average, Moist	
Zizia aurea Herbaceous perennial	golden-alexander	May <input checked="" type="checkbox"/>	Sun, Part Shade Average	Yellow 2 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Vine

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Amphicarpaea bracteata Vine	hog-peanut	Aug-Sep <input checked="" type="checkbox"/>	Sun, Part Shade Moist	Pink Vine
Clematis virginiana Vine	virgin's bower	August <input checked="" type="checkbox"/>	Part Shade Moist	White Vine
Lonicera sempervirens Vine	trumpet honeysuckle	May-Oct <input checked="" type="checkbox"/>	Sun, Part Shade Average, Moist	Orange Vine

Woody Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Alnus incana Deciduous shrub	speckled alder	<input checked="" type="checkbox"/>		
Amelanchier canadensis Deciduous shrub	shadbush, juneberry	April <input checked="" type="checkbox"/>	Sun, Part Shade Moist	White to 20 feet
Amelanchier laevis Deciduous tree	smooth shadbush	April <input checked="" type="checkbox"/>	Sun, Part Shade Average	White to 40 feet
Amorpha fruticosa Deciduous shrub	indigo-bush	<input checked="" type="checkbox"/>		
Arctostaphylos uva-ursi Evergreen sub-shrub	bearberry	May <input type="checkbox"/>	Sun Average, Dry	White 0-1 feet
Aronia arbutifolia Herbaceous perennial	red chokeberry	May <input checked="" type="checkbox"/>	Sun Moist	White 6-12'
Aronia melanocarpa Deciduous shrub	black chokeberry	May <input checked="" type="checkbox"/>	Sun Average, Dry	White to 10 feet
Asimina triloba Deciduous tree	pawpaw	April-May <input checked="" type="checkbox"/>	Sun, Part Shade Moist	Brown to 25 feet
Baccharis halimifolia Deciduous shrub	Groundsel-tree	Aug-Oct <input checked="" type="checkbox"/>	Part Shade Wet	White to 15 feet
Betula lenta Deciduous tree	sweet birch	April <input checked="" type="checkbox"/>	Sun, Part Shade Moist	Green to 40 feet
Carpinus caroliniana Deciduous tree	hornbeam, ironwood	April-May <input checked="" type="checkbox"/>	Part Shade Moist	Green to 20 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Woody Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Castanea dentata Deciduous tree	American chestnut	June-July <input checked="" type="checkbox"/>	Sun, Part Shade, S Moist	Green Over 100 feet
Celtis occidentalis Deciduous tree	hackberry	April <input checked="" type="checkbox"/>	Sun, Part Shade Dry	Green 105 feet
Cephalanthus occidentalis Deciduous shrub	buttonbush	August <input checked="" type="checkbox"/>	Sun Wet	White 4-8 feet
Cercis canadensis Deciduous tree	redbud	April-May <input checked="" type="checkbox"/>	Sun, Part Shade Average	Pink to 30 feet
Clethra alnifolia Deciduous shrub	sweet pepperbush	July-Aug <input checked="" type="checkbox"/>	Sun, Part Shade Moist, Wet	White 3-8 feet
Cornus racemosa Deciduous shrub	gray dogwood, swamp dogwoo	May-Jun <input checked="" type="checkbox"/>	Sun, Part Shade, S Moist	White to 10 feet
Corylus americana Deciduous shrub	hazelnut, filbert	March <input checked="" type="checkbox"/>	Sun, Part Shade Average	Cream 6-12 feet
Diospyros virginiana Deciduous tree	persimmon	May-June <input checked="" type="checkbox"/>	Sun Average	White to 40 feet
Euonymus americanus Deciduous shrub	hearts-a-bursting, Strawberry-b	June <input checked="" type="checkbox"/>	Part Shade Average	Yellow 6-8 feet
Gaylussacia baccata Deciduous shrub	black huckleberry	May-July <input checked="" type="checkbox"/>	Sun, Part Shade, S Dry, Moist, Wet	Red 1-3 feet
Hypericum prolificum Deciduous shrub	shrubby st. john's-wort	July-Aug <input checked="" type="checkbox"/>	Sun, Part Shade Average	Yellow 2-4 feet
Ilex verticillata Deciduous shrub	winterberry	June <input checked="" type="checkbox"/>	Sun Moist, Wet	Cream 6-10 feet
Ilex verticillata Cultivar Deciduous shrub	winterberry	<input type="checkbox"/>		
Itea virginica Deciduous shrub	Virginia sweetspire	June-July <input checked="" type="checkbox"/>	Sun, Part Shade Moist, Wet	White 3-5 feet
Juniperus virginiana Evergreen tree	red cedar	<input checked="" type="checkbox"/>	Sun Average	 to 90 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Woody Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Kalmia angustifolia Evergreen shrub	sheep laurel	May-June <input checked="" type="checkbox"/>	Partial Shade, Sun Average, Dry, Mois	Pink 3 feet
Kalmia latifolia Cultivar Evergreen shrub	mountain laurel	<input type="checkbox"/>		
Lindera benzoin Deciduous shrub	spicebush	April <input checked="" type="checkbox"/>	Part Shade, Shade Average, Moist	Yellow to 12 feet
Magnolia virginiana Deciduous tree	sweetbay magnolia	May-June <input checked="" type="checkbox"/>	Sun Moist, Wet	White to 20 feet
Morella pensylvanica Deciduous shrub	bayberry	April <input checked="" type="checkbox"/>	Sun Average	6-9 feet
Nyssa sylvatica Deciduous tree	black gum, tupelo	Apr-Jun <input checked="" type="checkbox"/>	Sun, Part Shade, S Moist	White 30-50 Feet
Ostrya virginiana Deciduous tree	hop-hornbeam	April <input checked="" type="checkbox"/>	Sun, Part Shade Average	Green to 35 feet
Physocarpus opulifolius Deciduous shrub	ninebark	May-July <input checked="" type="checkbox"/>	Sun, Part Shade Moist, Wet	White 3-10 feet
Prunus americana Deciduous shrub	wild plum	<input checked="" type="checkbox"/>		
Quercus montana Deciduous tree	chestnut oak	Mar-May <input checked="" type="checkbox"/>	Part Shade Dry	Green Over 100 feet
Quercus phellos Deciduous tree	willow oak	<input checked="" type="checkbox"/>		Green to 100 feet
Rhododendron arborescens Deciduous shrub	smooth azalea	June-July <input checked="" type="checkbox"/>	Sun, Part Shade Moist	White 10-15 feet
Rhododendron atlanticum Deciduous shrub	dwarf azalea	May <input checked="" type="checkbox"/>	Sun, Part Shade Moist	White 2-3 feet
Rhododendron periclymenoides Deciduous shrub	pinxter-flower	April-May <input checked="" type="checkbox"/>	Sun, Part Shade, S Average, Moist	Pink 4-6 feet
Rhododendron viscosum Deciduous shrub	swamp azalea	July <input checked="" type="checkbox"/>	Sun, Part Shade Wet	White 5-10 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.

Woody Plant

Scientific Name	Common name	Bloom PA Native	Exposure Soil Moisture	Color Height
Rhus aromatica var. aromatica Deciduous shrub	fragrant sumac	March-April <input checked="" type="checkbox"/>	Sun Average, Dry	Yellow to 6 feet
Salix discolor Deciduous shrub	pussy willow	<input checked="" type="checkbox"/>		
Salix nigra Deciduous tree	black willow	<input checked="" type="checkbox"/>		
Spiraea alba Deciduous shrub	meadow-sweet	June-July <input checked="" type="checkbox"/>	Sun, Part Shade Moist	Yellow 2-6 feet
Spiraea tomentosa Deciduous shrub	steeple-bush	July <input checked="" type="checkbox"/>	Sun Moist, Wet	Pink 4 feet
Vaccinium corymbosum Deciduous shrub	highbush blueberry	May <input checked="" type="checkbox"/>	Sun, Part Shade Moist	White to 15 feet
Vaccinium macrocarpon Evergreen shrub	cranberry	<input checked="" type="checkbox"/>		Pink Trailing
Viburnum lentago Deciduous shrub	nannyberry	June <input checked="" type="checkbox"/>	Sun Average, Moist	White to 35 feet
Viburnum prunifolium Deciduous shrub	blackhaw viburnum	June <input checked="" type="checkbox"/>	Sun, Part Shade Average, Moist	White to 15 feet
Zanthoxylum americanum Deciduous tree	northern prickly-ash	April <input checked="" type="checkbox"/>	Sun, Part Shade Average, Dry	Green 10-12 feet

Please be aware that we do not have a full-scale commercial nursery and that quantities and sizes available for a given species may be quite limited. Native plant sales are part of the Preserve's educational mission and are a fundraiser to support our programs. We appreciate your understanding.
